### **Bringing the right people together**

Daily HR GmbH is your expert for the procurement of specialists and executives, interim management and HR consulting. For more than 15 years we have found the individuals who as specialists create added value for our clients in the DACH region (Germany, Austria and Switzerland) and who provide the best match for our clients' needs. We offer target-oriented, efficient and prompt staffing solutions. We believe that gut instinct, or the "human chemistry" between the people concerned, plays a crucial role in this.

We differ from other HR consultancies by our outstanding commitment and our strongly social media-driven approach via a network of candidates, HR partners and firms. Our work is exclusively performance-related; in other words, a fee is only payable in the case of a successful placement. As a result of the fact that we source and interview candidates daily-- even without a mandate --we can operate faster and at a more attractive price than our competitors. We are active across all industries throughout the DACH region for trade and industry. Respect, transparency and loyalty towards our clients, candidates and partners form the basis of our often long-term cooperation.

Our advantages at a glance:

- Active sourcing (daily recruitment of candidates worldwide)
- Fee payable only in the case of a successful placement
- Quick solutions at attractive prices
- Placements throughout the DACH region
- Regional and global positions

It is important to us that sustainable solutions are found both for candidates and clients. It would be a pleasure to personally discuss our methods with you.

My team and I are inspired by people: their stories, their motivations and their individual CVs. By nature networking-oriented, I always strive to bring the right people together. I am a qualified psychologist and for six years after graduating I worked in business consultancy as Head of Sales for strategic financing for R&D and investment projects.

I subsequently specialised in human resources and since 2003 have been working in international recruitment. As Country Manager for Switzerland I have experience in recruitment, interim management and executive search. Additionally, I completed the HR Plus qualification for HR professionals (Kompaktlehrgang HR Plus) and have trained as a Social Media Expert.
